

## Vergaser-Außen-Reiniger (Carburettor Housing Cleaner)

### DESCRIPTION

Carburettor Housing Cleaner is a special mixture of solvents for fast and thorough removal of grease-type contaminants and deposits on carburettors and injection systems such as housings, throttle valves, injectors and bores.

### PROPERTIES

- rapid and effective cleaning and degreasing
- cleaning without dismantling
- simple to use and economical

### TECHNICAL DATA

Form	: liquid/aerosol
Colour	: yellowish
Basis	: mixture of solvents
Density at 20 °C	: 0.78 g/cm <sup>3</sup>
Propellant	: propane/butane

### APPLICATION

Used for degreasing and cleaning the inside and outside of carburettors and fuel injection systems.

### INSTRUCTIONS

Spray all components which are exposed with the air filter removed and with the engine switched off. Spray external components and allow to dry. Repeat cleaning in extreme cases. Start the engine and allow to run at a moderate speed. Do not spray painted components.

**For parts which have been repainted, check paint for compatibility and colour changes by testing on a hidden area.**

### AVAILABLE PACK SIZE

Carburettor Housing Cleaner 400 ml aerosol Part no. 3325

PI 01/02/01
