

Diesel Smoke Stop

DESCRIPTION

Diesel Smoke Stop is a highly effective diesel fuel additive with an important state-of-the-art effect. The product reduces soot emissions from diesel engines by accelerated soot combustion. Diesel Smoke Stop considerably improves the environmental compatibility of diesel passenger vehicles and trucks and prevents odor pollution and impairment of visibility. Diesel Smoke Stop also keeps engines and injectors clean, prevents seizing of injector needles, maintains engine performance and reduces the frequency of repairs.

PROPERTIES

- significantly reduces soot emissions and odor pollution
- halves the Bosch blackening rate
- prevents environment pollution and visibility impairment due to sooty Diesel engines
- improves engine cleanliness
- keeps injection nozzles clean
- prevents seizing
- prevents diesel knocking
- Protects against corrosion
- does not contain heavy metals
- Self mixing

TECHNICAL DATA

Base	:	additive mixture in carrier fluid
Color	:	dark brown liquid
Density	:	1,04 g/cm ³
Flash point	:	63 °C
Hazard class per German VbF	:	A III

AREAS OF APPLICATION

For all diesel engines, for agricultural and forestry as well as stationary diesel engines.

APPLICATION

250 ml of Diesel Smoke Stop for 200 liters of diesel fuel. Pour the contents of the can into the tank before filling up with fuel.

AVAILABLE PACK SIZES

Diesel Smoke Stop	250 ml	Part no. 2521
	205 l	Part no. 2519
