

Racing Reifen-Reparatur-Spray (Racing Tyre Repair Spray)

DESCRIPTION

Racing Tyre Repair Spray is a special combination of agents for applying "first aid" for tyre punctures without changing the tyre. Can be used for two wheelers with or without inner tube. Cannot be used for torn tubes or tyres or tyres slipped from the rim.

TECHNICAL DATA

Colour	: whitish/yellowish
Odour	: characteristic
Form	: liquid
Density at 20 °C	: 0.79 g/cm ³
Solubility	: soluble in water
Flash point	: n.a.
Shelf-life	: 2 years with unopened can

APPLICATION

First Aid for punctures on all two-wheelers with tyres and with or without inner tube.

INSTRUCTIONS

Move the tyre valve to half the height of the rim and release the rest of the air. Remove the cause of the puncture (e.g. nail etc.). Shake bottle well. If cold, warm it up. Screw the connector onto the tyre valve. Hold bottle vertically and spray.

Note:

Immediately ride at a speed between 10 and 15 k.p.h. so that the product can be optimally distributed around the tyre. Check the tyre pressure as soon as possible and find a repair shop.

AVAILABLE PACK SIZE

Racing Tyre Repair Spray	300 ml	Part no. 1579 D-GB-I-E-P
