

Synthoil Energy SAE 0W-40

DESCRIPTION

Synthoil Energy SAE 0W-40 is a modern, fully synthetic, low friction motor oil for all season use. The combination of unconventional synthetic-based oils using advanced additive technology ensures low viscosity and high shear stability for the motor oil and reliably prevents the formation of deposits, reducing frictional loss in the engine and providing the optimal protection from wear. Synthoil Energy SAE 0W-40 is recommended for gasoline and Diesel engines, including engines with turbochargers and catalytic converters.

PROPERTIES

- Highest fuel economy
- Rapid oil delivery at low temperatures
- Optimal oil pressure at all engine speeds
- Very high lubrication reliability and protection against wear
- Outstanding engine cleanliness
- Outstanding high temperature stability
- Extremely low evaporation loss
- Proven performance with catalytic converters and turbochargers

PRODUKTINFORMATION

APPLICATIONS

Optimal for modern passenger vehicles with gasoline and diesel engines with and without turbochargers and with and without charge air cooling. Especially suitable where there are long intervals between oil changes and heavy duty engine requirements.

APPLICATION

The operating instructions of the vehicle and engine manufacturers must be followed.
