

A SHIFT UP IN PERFORMANCE

Maximise the potential of your vehicle with TOTAL transmission oils

The All-New MANUAL
TRANSMISSION OIL Range

TOTAL

START WITH TOTAL TO GO FURTHER

Your vehicle transmission is just as important as your engine in working hard to maximise your overall engine-transmission performance. Developed in state-of-the-art research facilities, TOTAL's range of innovative manual gearbox, axle and automatic transmission oils is just what you need for longer protection, higher efficiency and industry-approved performance.

Extended Drain Intervals And Component Life

With its excellent anti-wear properties and thermal stability, TOTAL transmission oils protect your gearbox and axle, even under the most severe conditions, leading to longer oil drain intervals and component life.

Fuel Efficiency And Savings

TOTAL's Fuel Economy technology reduces fuel consumption while offering optimum protection of the components for longer service life. Certified by independent organisations such as MILLBROOK, UTAC and TÜV Rheinland, it decreases polluting emissions and reduces fuel consumption while ensuring optimal protection of your gearbox.

-3%*

Standard Lubricant vs Fuel Economy Lubricant

* If combined use of FE engine and transmission lubricants.

Outstanding Performance Backed By Vehicle Manufacturers

TOTAL transmission oils undergo intensive laboratory tests and field trials to provide you with products that meet and even exceed your needs. TOTAL transmission oils are approved by renowned vehicle manufacturers around the world.

With brand new names for our manual transmission oils, our reorganised range of products helps you make the right choice for your needs.

PRODUCT NAME KEY

TRANSMISSION — Transmission oil for manual gearbox and/or axle with API and OEM specifications

TRANSTEC — Transmission oil for manual gearbox or axle with API specifications

GEAR — Transmission oil for manual gearbox with API GL-4

AXLE — Transmission oil for axle with API GL-5

DUAL — Transmission oil for manual gearbox and axle with API GL-4 and GL-5

FE — Fuel Economy

APPLICATION ICON KEY

 For Passenger Cars

 For Buses

 For Heavy Duty Vehicles

 For Pickups
